

#### Calling all Tennessee artists in recovery!

Join us for the 14<sup>th</sup> annual Art for Awareness celebration to share your art and contribute to the awareness of recovery and the healing it brings. The event will include fun group activities, a time to share what art means to you, and free art supplies for registered artists! After the event, the public and Tennessee state legislators will see your work and learn more about the powerful role art can play in recovery.

### FRAMING INSTRUCTIONS

- All art must be <u>ready to hang with wire and completed Return</u> Label affixed to the back.
- One piece of art per artist.
- Black frames only.
  - ☐ Pick only **STURDY**, quality frames that are meant to be hung on a wall. There have been problems in the past of frames falling apart and breaking.
  - ☐ Do not use frames meant to sit on a desk or table with an easel back. These make it difficult to hang and often cause the artwork to fall out of the bottom of the frames.
  - ☐ When attaching wire to the back of the frame, do not tie off wire to the clips that hold the artwork in place. This will result in shattered glass and broken frames. If necessary, we will connect the wire to the frames.
  - ☐ Michael's, Hobby Lobby, Wal-Mart, K-Mart and many other discount stores carry affordable black framing that is **sturdy** and of good quality for \$10 to \$20. Most of the black frames have metal links on the back for picture framing wire to be added. You do not have to provide the wall mount.
  - ☐ Artwork can be matted or unmatted.
- Unframed oil or acrylic panels must have wire attached to the interior wood stretchers on the back. Unframed murals on wood must have wire attached to the back for hanging.
